

Name: Jaeyoung Sung

Positions/Affiliations:

Director, Global Science Research Center for Systems Chemistry

Professor of Chemistry, Chung-Ang University

Research Interests:

Systems chemistry, Dynamics of cellular signal propagation and gene expression networks, Quantitative biology, Transport-coupled reactions in complex systems, Nucleation and phase transition of mesoscopic systems

Awards:

2015-2024: Creative Research Initiative Center Grant, CRI Center for Chemical Dynamics in Living Cells, NRF of Korea

2021 Yip-Jae Physical Chemistry Award, KCS

2019 Distinguished Professor (The 1st CAU Contribution Scholar), CAU

2017 SigmaPhi Prize, Best Oral Presentation on Complexity, SigmaPhi

2015 Inaugural Awardee of the Kook-Joe Shin Academic Excellence Award, KCS

2011 Fellowship for Visiting Scholar, Massachusetts Institute of Technology

1997 Distinguished Ph. D. Dissertation Award, SNU Chemistry

Appointments:

2027: President, Korean Chemical Society Physical Chemistry Division

2026: Secretary of General Affairs, The Korean Union of Chemical Sci. & Tech. Soc.

2022-2023: Vice President of General Affairs, The Korean Chemical Society

2022-2024: Advisory Board Member, NRF of Korea 2021: Proposal Reviewer, DOE Basic Energy Science funding, U.S.A.

2021: Proposal Reviewer, Polish Academy of Science

2018-2024: Committee Member, Hanseong Scholarship Foundation

2016-2018: Review Board, NRF of Korea
